

Care Managers of the Month

These are two great care managers who exemplify the work and care that Lifespan prides itself on.

JULY 2025

Krista Kutchman, (Right) our first CMOM, has been doing an outstanding job lately—going above and beyond by delivering an A/C unit and connecting with consumers who often face heating, cooling, or water heater issues.

She recently helped a family raising their grandchild by sharing information about the CSP Grandparents program, even though they ultimately didn't need services.

Her warmth and personal touch leave a lasting impression — many consumers see her as an honorary granddaughter.

We're proud to recognize **Krista** as this month's CMOM!

Our second CMOM, **Nadine Gaudelli** (Left), may have missed last month's meeting for some beach time, but she's more than earned her spotlight now!

Known for her high energy and can-do attitude, Nadine consistently goes above and **beyond—often** helping CNs with tasks like finding handymen or delivering food, all without needing recognition. She even managed to charm a CN known for firing multiple staff!

We're excited to finally name **Nadine** as this month's CMOM!
